

VIRTUAL PRESS ROOM

ONUG Fall 2019's Virtual Press Room makes it easier for interested press and analysts to connect with companies on-site by providing virtual access to the entire conference from the comfort of their own home or office. Accredited media and analysts can schedule virtual interviews with conference participants and will have access to news and information from conference sessions.

Press interested in the virtual option must meet the requirements outlined in our Media Accreditation resource. You will be required to pre-register for a Virtual Press Pass and in doing so will be added to the ONUG Fall 2019 press list as a virtual attendee. All virtual meetings must be scheduled through the ONUG Fall 2019 Press Room staff to ensure meetings are held at the reserved computer stations in the Press Room. Press Room staff also recommends that all meetings are scheduled using Skype or GoToMeeting.
